**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application.

**Listing of Claims:**

1. (currently amended) A device for injecting a foldable IOL into an eye, said device comprising an injector body ~~including~~having a lumen, the lumen having a proximal end terminating at an open tip wherethrough the IOL is expressed from said device, and an opening in said injector body intermediate said proximal end and said open tip, said opening being sized and shaped to receive an IOL and said lumen being sized to permit the IOL to be transported therethrough, said lumen increasing in diameter toward said open tip.
2. (canceled)
3. (currently amended) The device of claim ~~12~~, and further comprising a compressor drawer having a leading edge, said compressor drawer attached to said device adjacent said ~~opening-loading bay~~ and movable to a closed position whereupon said leading edge engages and compresses said IOL ~~in said loading bay~~.
4. (currently amended) The device of claim 3, ~~and~~ further comprising a plunger having a longitudinal shaft and a plunger tip configured to slide~~for sliding movement~~ within said lumen, said plunger tip configured for engaging and pushing said IOL through said lumen and out said open tip.
5. (original) The device of claim 4 wherein said plunger tip has an outer diameter slightly smaller than the diameter of said lumen.

6. (original) The device of claim 1 wherein said device body has an outer diameter which is substantially constant from a point adjacent said IOL when initially placed in said device to said open tip.
7. (original) The device of claim 1 wherein said device body has an outer diameter which increases along with the increase in diameter of said lumen.
8. (original) The device of claim 1 wherein said increase in diameter is gradual.
9. (original) The device of claim 1 wherein said increase in diameter is stepped.
10. (original) The device of claim 6 wherein said increase in diameter is gradual.
11. (original) The device of claim 6 wherein said increase in diameter is stepped.
12. (original) The device of claim 7 wherein said increase in diameter is gradual.
13. (original) The device of claim 7 wherein said increase in diameter is stepped.
- 14-21. (cancelled)
